

Allergy Evaluation

Complete our survey below to determine if you should have an allergy test at Clearview Eye Center. Your allergy testing, diagnosis, and treatment are available in Vincennes in one convenient, close-to-home location.

	Yes	No
1. Do you have symptoms or have you ever had symptoms such as sneezing, watery nasal discharge, or nose and throat itching?	_____	_____
2. Do you have, or have you ever had, frequent "colds", sinus problems, or chronic nasal congestion?	_____	_____
3. Do you have or have you ever had your eyes itch, water, get red, or swell?	_____	_____
4. Are your symptoms seasonal only?	_____	_____
5. Do your symptoms change or have they ever changed when you go indoors or outdoors?	_____	_____
6. Are your symptoms worse around animals?	_____	_____
7. Do you have any blood relatives with allergies?	_____	_____
8. Do you have, or have you ever had, asthma, rash, or hives?	_____	_____
9. Do you experience dry eyes or dry mouth?	_____	_____
10. Does food effect your symptoms? If yes, what foods? _____	_____	_____

If you answered yes to ANY of the above questions, you may be a candidate for allergy treatment at Clearview Eye Center.
